Writing

"Where there is a will there is a way". When you have a will to do something - there will always be a way to do that. I think this proverb is right and somewhat encouraging. It could help anyone mostly who is struggling to do a task or fulfill a wish. /57

For example I had a rough time with my singing talents. But no matter what others believed in me and so I grew confidence inside me. I strived for success and finally saw my ^{own} way, plan in my head. It took such a long time to properly sing. Thanks to efforts of my teacher and me. I fulfilled my dream!

In conclusion I would say that only willing, wishing for something won't get you closer to ^{the} goal you thought of. You need to do something to achieve it. /141 words
